

MATERIAL SAFETY DATA SHEET**SDP Ultimate Plate Cleaner****SECTION 1: PRODUCT IDENTIFICATION AND USE****Product Name:** SDP Ultimate Plate Cleaner**Product Identification Number (PIN):****Formula:** Aqueous Mixture**Manufacturer / Supplier:** Mitsubishi Imaging (MPM), Inc. - 555 Theodore Fremd Avenue - Rye, NY 10580**Emergency Telephone Number:** Chemtrec (800) 424-9300 Outside USA (703) 527-3887**SECTION 2: HAZARDOUS INGREDIENTS**

Principal Component(s)	Cas Reg #	OSHA PEL (mg/m3)	ACGIH TLV (mg/m3)	%WT (w/w)
Distillate(petroleum), hydrotreated light	64742-47-8	Not Estab.	Not Estab.	20-30
Hydroxy propyl cellulose	9004-64-2	Not Estab.	Not Estab.	10-20
Polyoxyethylene alkyl ether sulfate	9004-82-4	Not Estab.	Not Estab.	5-10

SECTION 3: HAZARDOUS IDENTIFICATION**EMERGENCY OVERVIEW**

White color liquid mixture, with a mild petroleum odor. Flash point 71° C (SCC). Contact with liquid may cause eye and skin irritation. Overexposure may cause nose, throat and respiratory tract irritation. Inhalation and ingestion may cause respiratory and digestive tract irritation, central nervous system depression characterized by headache, nausea, vomiting, dizziness, shortness of breath, narcosis, drowsiness, respiratory failure, and coma. Target organs: Central nervous system, lung, kidney, spleen, and liver damage.

POTENTIAL HEALTH EFFECTS**Eye Contact:** May cause eye irritation, stinging, tearing, redness and swelling**Skin Contact:** May cause skin irritation. Prolonged or repeated liquid contact can result in defatting, cracking, burning, and drying of the skin which may result in skin irritation and dermatitis. Skin absorption is possible and skin contact may be harmful.**Ingestion:** Single dose oral toxicity is moderate. Swallowing large amounts may cause gastric irritation and abdominal spasms, and acidosis.**Inhalation:** Short term inhalation toxicity is moderate. Exposure may be harmful. Symptoms are more typically seen at air concentrations exceeding the recommended exposure limits.

Carcinogenicity: NTP: N/A **IARC Monographs:** N/A **OSHA Regulated:** N/A
None of the chemicals used in this product are listed on NTP, IARC or OSHA listings of human carcinogens.

Other Health Hazards: Over exposure to this product has been suggested as a cause of the following effects in laboratory animals, and may aggravate pre-existing disorders of these organs in humans: mild, reversible liver effects blood abnormalities, cardiac sensitization, liver abnormalities, cataracts, and kidney damage. Reports have associated repeated and prolonged occupational over exposure to solvents with permanent brain and nervous system damage (sometimes referred to as painter's syndrome). Intentional misuse by deliberately concentrating and inhaling this product may be harmful or fatal.

SECTION 4: FIRST AID MEASURES**Eye:** Immediately flush eyes with water. After initial flushing, remove contact lenses and continue flushing for at least an additional 5 minutes. If irritation persists, contact physician.**Skin:** Wash the exposed area thoroughly with flowing water. Remove contaminated clothing. Contact physician if irritation develops or persists.**Ingestion:** Give two glasses of water and induce vomiting. Obtain prompt medical attention.**Inhalation:** Remove to fresh air. If breathing is difficult, administer oxygen. If breathing has stopped, give artificial respiration. Get medical attention**SECTION 5: FIRE FIGHTING MEASURES****Flammable Properties:** 71° C (SCC)**Flammable Limit:** None**LEL:** N/A**UEL:** N/A**Extinguishing Media:** Water, carbon dioxide and dry chemical**Special Fire Fighting Procedures:** Evacuate personnel to a safe area. Firefighters should wear self-contained breathing apparatus and full protective clothing.**Unusual Fire Hazards:** Water spray may be useful in minimizing vapors and in cooling containers exposed to heat and flame. Avoid spreading burning liquid with water used for cooling purposes.

MATERIAL SAFETY DATA SHEET**SDP Ultimate Plate Cleaner****SECTION 6: ACCIDENTAL RELEASE MEASURES**

Steps to be Taken in case Material is Released or Spilled: Use appropriate protective equipment and clothing. Shut off source of leak if it is safe to do so. Dike and contain. Soak up residue with clay, sand or other suitable absorbent material. Place in non-leaking containers and seal tightly for proper disposal. Flush area with water to remove trace residue. Dispose of flush solution in the same manner as leaked liquid.

SECTION 7: HANDLING AND STORAGE

Precautions to be Taken in Handling and Storing: Do not get in eyes or on skin or clothing. Do not ingest. Wash thoroughly after handling. Empty containers retain product residue (liquid and vapor), and can be dangerous. Do not cut, weld, pressurize, braze, solder, grind, drill or expose such containers to heat, sparks or open flames. Prevent build up of vapors to explosive concentration. Keep away from sources of ignition. Keep container closed tightly when not in use. Store in cool, dry, well-ventilated place away from incompatible substances. As with all chemicals, keep out of reach of children.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Ventilation: Local exhaust ventilation may be necessary to keep airborne concentrations below the permissible exposure limits (see section 1).

Respiratory Protection: Avoid prolonged or repeated breathing of vapors. If exposure may or does exceed occupational exposure limits (Sec.2) use a NOISH-approved respirator to prevent overexposure (29 CFR 1910.134). Use either an atmosphere-supplying respirator or an air-purifying respirator for organic vapors.

Eye Protection: Wear safety glasses or goggles

Protective Gloves: Rubber gloves.

Other Clothing and Protective Equipment: Impervious clothing should be worn as needed. Wash station for flushing eyes and skin should be available in the work area.

Work / Hygienic Practices: Practice safe workplace habits. Minimize body contact with this, as well as all chemicals in general.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance and Odor: White colored liquid, mild petroleum odor.

pH: 3.3~3.8

Boiling Point: N/D

Melting Point: N/D

Volatile Organic Content: N/D

VOC Composite Partial Pressure (mm Hg at 20°C): N/D

Percent Volatility (as water): N/D

Vapor Pressure: N/D

Specific Gravity: >1

Solubility in Water: Partially soluble in water

Viscosity: N/D

Vapor Density: N/D

Evaporation Rate: N/D

Photo Chemical Reactivity(SCAQMD Rule 443): None

SECTION 10: STABILITY AND REACTIVITY

Stability: Stable under normal ambient temperature and pressure

Conditions to Avoid: Open flame and excessive heat

Incompatibility: Incompatible materials, organic materials or explosives

Hazardous Decomposition: Carbon dioxide, carbon monoxide, ammonia, nitrogen oxide, nitrous oxide, nitrogen and other materials

Hazardous Polymerization: Has not been reported

SECTION 11: TOXICOLOGICAL INFORMATION

Chemical Name	CAS #	LD50 of Ingredients (Specify species and route)	LC50 of Ingredients (Specify species)
Distillate(petroleum), hydrotreated light	64742-47-8	N/D	N/D
Hydroxy propyl cellulose	9004-64-2	10200 mg/kg oral-rat	N/D
Polyoxyethylene alkyl ether sulfate	9004-82-4	1600 mg/kg oral-rat	25 mg/24hr moderate oral-rat

MATERIAL SAFETY DATA SHEET**SDP Ultimate Plate Cleaner****SECTION 12: ECOLOGICAL INFORMATION**

No data are available on the aquatic toxicity of this mixture.

SECTION 13: DISPOSAL CONSIDERATIONS

Waste Disposal Method: Dispose in accordance with Federal, State and Local regulations. Refer to the latest EPA or State Regulations regarding proper disposal.

SECTION 14: TRANSPORTATION INFORMATION

This product is not a hazardous material for (DOT) shipping

D.O.T. Shipping Name: Not Regulated

IMO Shipping Name: Not Regulated

IATA Shipping Name: Not Regulated

SECTION 15: REGULATORY INFORMATION**TSCA (USA - Toxic Substance Control Act):**

Polyoxyethylene alkyl ether sulfate

Above hazardous component(s) is listed on the US Toxic Substance Control Act Chemical Inventory.

SARA TITLE III (USA - Superfund Amendments and Reauthorization Act):

Ingredients not listed

CERCLA (USA - Comprehensive Response Compensation and Liability Act):

Ingredients not listed

SECTION 16: OTHER INFORMATION**HMIS Rating:**

Health (Blue)	1
Flammability (Red)	1
Reactivity (Yellow)	0
Protective Equipment	B

HMIS HAZARD INDEX:

0=Minimal 1=Slight 2=Moderate 3=Serious 4=Severe

B=Safety glasses and gloves

Revision Summary:

This MSDS has been revised in the following sections:

No revisions available
